X-LARGE PORCELAIN PANELS INTERIOR

TileXL is Granix's "Large Format Sintered or Porcelain Surface Product" brand. We are importing and providing fabrication/installation of our own panels and also well-known brands such as Neolith, Dekton, Stile, Stonepeak, Florim, etc. with quality standards and met certifications. The sintered surface is the revolutionary and "future" material in surface applications. It is made under very high pressure and temperatures and providing perfect features.
